

Rimsha Akhtar Malik

Information Technology Professional · UI/UX Design · Web & Mobile Development · Data & Systems · HR role
rimsha.maalik96@gmail.com · +92 337 4846199 · Sargodha, Pakistan · [linkedin.com/in/rimsha-malik-5b05b1327](https://www.linkedin.com/in/rimsha-malik-5b05b1327)

PROFILE

Information Technology professional with hands-on experience in UI/UX design, web and mobile development, database management, and software engineering. Proven ability to contribute across multiple technology domains — from designing intuitive user interfaces to building functional web and Android applications. Brings practical internship experience in both design and HR, strong problem-solving skills, and a collaborative work ethic. Committed to continuous learning and delivering technology solutions that are both technically sound and user-centred.

WORK EXPERIENCE

Dec 2025 – Feb 2026

HR Intern — iNexel Technologies

- ▶ Screened resumes, shortlisted candidates, and coordinated interview scheduling.
- ▶ Managed candidate communications and provided administrative HR support.
- ▶ Assisted in new employee onboarding and induction processes.

Sep – Oct 2025

UI/UX Designer Intern — ELEVVO PATHWAYS

- ▶ Researched user needs and translated findings into wireframes and interactive Figma prototypes.
- ▶ Conducted usability testing and iterated designs to optimise interface efficiency.
- ▶ Delivered end-to-end UX solutions that measurably improved customer satisfaction.

Jun – Aug 2025

UI/UX Designer Intern — HiSky Tech — Sargodha

- ▶ Designed responsive, user-centred interfaces from concept through to polished prototype.
- ▶ Collaborated with developers to ensure design accuracy in final implementation.
- ▶ Applied Figma-based design systems for visual consistency across products.

EDUCATION

Qualification	Institution	Year	Grade
BS Information Technology	University of Sargodha	2022 – 2026	3.33 / 4.00
Intermediate (FSc)	Fauji Foundation College Naushera Soon	2019 – 2021	990 / 1100
Matriculation (SSC)	Fauji Foundation College Naushera Soon	2016 – 2018	972 / 1100

SKILLS & TECHNOLOGIES

UI/UX Design	Figma · Wireframing · Prototyping · User Research · Usability Testing · Responsive Design
Web Development	HTML5 · CSS3 · Bootstrap · PHP · Odoo ERP · WordPress
Programming	Kotlin · C++ · Java · SQL · OOP · Data Structures & Algorithms
Mobile Dev	Android (Kotlin) · Android Studio
Database	MySQL · SQL · Oracle SQL Plus
Cloud & DevOps	Docker · Containerization · Cloud Computing · Virtualization
IoT & Hardware	Arduino · IoT Sensors · Embedded Systems
Data & Analysis	Data Mining · Orange Tool · Data Preprocessing · Model Evaluation
CS Fundamentals	Networking · OS Concepts · Information Security · Software Engineering
Tools	Git / GitHub · Microsoft Office · Behance · VS Code · Android Studio
Languages	Urdu (Native) · Punjabi (Native) · English (Fluent)
Soft Skills	Problem-Solving · Team Collaboration · Communication · Time Management · Leadership

ACADEMIC & PERSONAL PROJECTS

Project · Technologies	Description
Mind2Career ★ FYP Kotlin · Android Studio	AI-powered Android app recommending career paths via academic performance, personality assessment & resume analysis. Designed complete UI and integrated multi-factor recommendation logic.
Smart Attendance System HTML · CSS · PHP · MySQL	Web-based attendance management platform with admin panel, real-time recording, and database-driven reporting — eliminating manual tracking.
MRG Exchange ERP Odoo	Enterprise-level business website on Odoo handling order management, inventory, and customer workflows end-to-end.
Vaccination Tracking SQL · GUI	Database-driven healthcare application for managing vaccination records with an intuitive GUI and reliable SQL backend.
Greenhouse Monitor Arduino · IoT Sensors	IoT system using Arduino and environmental sensors to monitor real-time temperature and humidity in a greenhouse for smart crop management.
Meteorite Data Analysis Orange · Data Mining	Full-cycle data mining project on a NASA meteorite dataset — cleaning, preprocessing, classification modelling, and evaluation (accuracy, F1-score).
M-Tag Management C++ · OOP · DSA	C++ application built on advanced OOP and Data Structures principles, demonstrating clean system design and strong CS fundamentals.
Docker Deployment Docker · Cloud	Cloud computing project containerising applications using Docker — showcasing modern DevOps and virtualisation workflows.
Print Server Config Virtualization · Networking	Configured a print server in a virtual environment enabling shared network printing, demonstrating practical OS and networking skills.
Security Mgmt System C++ · Threads · OS	OS-level file security system with access control using multi-threading and synchronisation in C++ — focused on OS internals and security.
Pet Care & Unit Converter Kotlin · Android Studio	Two polished Android apps: a Pet Care Tips app and a multi-category Unit Converter — both featuring clean UI and smooth UX.
UI/UX Design Portfolio Figma · Responsive Design	Collection of user-centred UI/UX designs — wireframes, prototypes, and polished interfaces built for real-world use cases. Full portfolio: behance.net/mahnoormalik37

CERTIFICATIONS & COURSES

- ▶ UI/UX Design Course
- ▶ Web Development Course
- ▶ WordPress Course
- ▶ Database Administration — SQL & Oracle SQL Plus
- ▶ IT for Business Success
- ▶ Professional Networking for Career Growth
- ▶ Mastering Responsive UI Design for Modern Web
- ▶ English Speaking Course
